Jill Johnson's Key Topics

All presentations will be customized to meet your unique needs.

Clarity Counts: Your Key to Confident Decision Making

Some people easily assess all angles of a decision while others freeze with indecision. The critical difference is the ability to get clarity. As a management consultant who has helped clients make more than \$4 billion worth of business decisions, Jill Johnson knows how to get clarity. She will show you how you can become a more effective decision maker too.

Enduring Enterprises: Eight Essential Strategies for Achieving Business Longevity

Leaders of enduring enterprises do more than just dream about their future. Jill's insightful presentation will help you understand and develop the eight strategies that will enhance your leadership ability to build an enduring enterprise. She will share with you what you need to do immediately to boost your potential for building a business or organization that stands the test of time.

Understanding Market Forces: Setting Your Strategic Direction in Uncertain Times

Effective strategic planning in today's turbulent time requires more than a fun discussion of your dreams and vision. It requires a market-based assessment of your assumptions and a deep review of the market forces at play. Jill Johnson's thought-provoking presentation will provide practical insight to avoid common planning mistakes and identify the critical information you really need to develop your strategies.

Compounding Your Confidence: Strategies to Expand Your Opportunities For Success

One of the most significant leadership skills to develop is confidence. Confidence allows you to have impact far beyond your title or level within your organization. Jill Johnson will help you identify and develop strategies designed to enhance your own leadership abilities. She will share how the compounded impact of taking small bold actions can morph into opportunities that can transform your entire future.

Strategic Thinking: Making Yourself Valuable to Your C-Suite

The C-Suite is under tremendous pressure to perform in today's challenging economic environment. Jill will help you focus your critical thinking, daily job performance, and your communication on the things your C-Suite really needs from you. She will show you how to leverage your knowledge into strategic insight that will shift your role in your organization into a critical business asset.

Moments Matter: Strategically Maximizing Your Productivity

We are all beyond busy these days and it is virtually impossible to achieve any semblance of a work-life balance. Time is your most precious resource. As someone who has sold time for more than 20 years, Jill Johnson looks at time differently than most people. She will share strategies you can implement to more effectively optimize your time to be more productive and maintain your sanity.
